After publication of the original article [1], the authors identified an error in Table 1 related to two values on EHRA bleeding risk-low row.

The correct values are listed below:

EHRA bleeding risk-low n, (%)	174 (62.1)	580 (49.9)	457 (55.1)	297 (48.5)	283 (51.5)	252 (49.0)	45 (45.9)
-------------------------------	---------------	---------------	---------------	---------------	---------------	---------------	--------------

The original article has been corrected.
